TASK FORCE MATTER

ACTION MEMORANDUM

Enclosed is a copy of a communication which furnishes information concerning a current investigation.

This is to notify your office that pursuant to Part III (D) of the Attorney General's Memorandum of November 7, 1983, captioned "Procedures for Lawful, Warrantless Interceptions of Verbal communications," addressed to the Heads and Inspectors General of Executive Departments and Agencies, emergency authorization to utilize an electronic device to monitor and record private non-telephonic conversations with the consent of a party was granted by an appropriate FBI Headquarters official on April 4, 1980. Exigent circumstances precluded a request for authorization in advance.

Menitoring/recording of these conversations was authorized as being in the best interest of law enforcement in that it is expected to provide corroborative evidence and/or to protect the individual(s) utilizing the equipment.

As the authorization is for the interception of conversations, as delineated in Part II(A) of the November 7, 1985 memorandum, and further monitoring/recording is expected in this matter, it is requested that your office approve the use of this equipment for a period of 60 days, beginning on the coovermention date.
